When Dave Brown had his heart set on something, he wanted it now.

When he wanted to make lots of money, he earned millions before he was 29 years old. When he wanted friends, he went to the bars and started buying rounds of booze. When he wanted to feel better about where he was in life, he consumed drugs and alcohol in bulk amounts without delay. When he wanted to enjoy the affection of women, he made quick work of the seduction process.

He had only ever lived his life in the now, but all that was about to change.
