The Mission of the Rock Church is to Save, Equip and Send.

Miles McPherson, a former defensive back with the San Diego Chargers, is the Senior Pastor of Rock Church and founder of DoSomethingChurch.org - a vibrant affiliation dedicated to establishing Pervasive Hope in their communities through proactive community service. Rock Church is one of the largest churches in the US and home to over 140 outreach ministries. Rock Church hosts 15 services every weekend, with a weekly attendance of over 15,000 people at their three locations in San Diego County. In 2012, Rock Church members donated 233,712 hours of community service to the county of San Diego - a \$4 million value. Last year, Rock Church expanded to include a campus in east San Diego county and continues on with God's work to reach every street and every person for Jesus.

I spend a lot of time thinking about the future of the Church, and every once in awhile the future comes to me in the form of a practical idea or opportunity. I don't really understand how that works, but I've learned to listen to that voice when it calls. The MicroSite is one of those ideas.

Last March, Rock Church decided to rent out Petco Park's "Park in the Park" to offer a Good Friday experience to the downtown community. One of the ideas that came from those early planning talks was to broadcast the Good Friday service live to various locations around San Diego. But these weren't satellite broadcasts; they were LiveStream broadcasts to wireless devices that project onto small, portable screens...a MicroSite.

What happened in the coming weeks was an epiphany of sorts.
