The Mission of Rock Church is to Save, Equip, and Send.

**Miles McPherson**, a former defensive back with the San Diego Chargers, is the Senior Pastor of Rock Church and founder of DoSomethingChurch.org - a vibrant affiliation dedicated to establishing Pervasive Hope in their communities through proactive community service. Rock Church is one of the largest churches in the US and home to over 140 outreach ministries. Rock Church hosts 18 services every weekend, with a weekly attendance of over 15,000 people at their four locations in San Diego County. In 2012, Rock Church members donated 233,712 hours of community service to the county of San Diego - a \$4 million value. Last year, Rock Church expanded to include a campus in east San Diego county and continues on with God's work to reach every street and every person for Jesus.

In 1986, at the age of 20, Lisa Boyle was diagnosed with a progressive disease called Limb Girdle Muscular Dystrophy (LGMD). She believed the disease would show up later in life – she was in good health and showed no symptoms. But at 34, LGMD took the use of her legs, confined her to a wheelchair, and severely restricted the use of her arms and hands. Overtime, she lost the ability to reach her arms upward; turning her head from side to side has been severely restricted. Then last year at age 49, she was diagnosed with a disease unrelated to LGMD: Birdshot Chorioretinopathy, a rare eye condition that now threatens to take her eyesight.

**As a long time member of Rock Church, she brings her unique perspective to answer this question: What things are most important in life?**

I am grateful for the chance to tell others what I believe to be really important in life—now that parts of my life, as I used to know it, have been taken away. A progressive disease like I have not only changes you physically, but spiritually as well. That's actually a good thing.
