The Mission of Rock Church is to Save, Equip, and Send.

Miles McPherson, a former defensive back with the San Diego Chargers, is the Senior Pastor of Rock Church and founder of DoSomethingChurch.org - a vibrant affiliation dedicated to establishing Pervasive Hope in their communities through proactive community service. Rock Church is one of the largest churches in the US and home to over 140 outreach ministries. Rock Church hosts 18 services every weekend, with a weekly attendance of over 15,000 people at their four locations in San Diego County. In 2012, Rock Church members donated 233,712 hours of community service to the county of San Diego - a \$4 million value. Last year, Rock Church expanded to include a campus in south San Diego county and continues on with God's work to reach every street and every person for Jesus.

Why is it important to evangelize to college students?

This is the season in people's lives (age 18-23) that really shape them into who they are and the direction that they're headed. They create good or bad habits. They build a foundation that will withstand the storms of life or that will send them into an emotional tailspin. Adversity will happen, and this is the age where they develop good or bad coping mechanisms. I share my faith for a lot of reasons: so that they can create a foundation that is as solid as a rock and will never waver; to help them understand the foundational pillars of faith in Jesus Christ; so that they can know that they can be "cool" and love Jesus...

What is the brokenness that you see among them?

Students are looking for love. They need it. They are searching everywhere for it. They search for it in the status quo, partying, drinking, getting high, abusive relationships with friends and members of the opposite sex. They fill their schedules with things so they don't feel lonely and unloved. They are looking for belonging but are finding that belonging to the wrong thing is better than belonging to nothing. My heart breaks for that and we want to create a sense of belonging for people. It's called community—positive, fearless community that is so in love with Jesus that people take notice and see that it isn't a weak religious phase. It's a foundation to their lives where they can't be shaken and where they thrive in life.
