SCIENCE: Knowledge gained by experimentation and observation

APOLOGIA: To defend on both _____ and _____ levels

God claims responsibility for the existence of scientific realities. (Job 38–39).

WHAT 'BIBLE SCIENCE' TEACHES US ABOUT THE UNIVERSE:

1. The earth is round and hangs in space (Proverbs 8:27; Isaiah 40:22; Job 26:7). Man discovered this in 1475.
2. Air has weight (Job 28:25). Galileo discovered this in 1630.
3. The winds have regular circuits and rain clouds are merely evaporated water (Ecclesiastes 1:6-7). Man discovered this in 1630.
4. There is a great empty space in the northern sky that contains no stars (Job 26:7).
5. The stars are innumerable (Genesis 15:5; Jeremiah 33:22). Galileo was the first to teach that they could not be numbered.

WHAT 'BIBLE SCIENCE' TEACHES US ABOUT THE HUMAN MIND AND BODY:

1. Human _____. (Genesis 2:7)
2. Human _____. (Psalms 139:13-14)
3. Human _____. (Proverbs 14:30)
4. Blood _____. (Leviticus 17:11)
5. Blood _____. (Leviticus 12:3)
