

True Religion? Part 2

Sciencefictionology

Pastor Miles McPherson – August 13-14, 2005

Romans 8:5-11, 1 Corinthians 2-11

A religion can be defined as a “system of beliefs and practices designed to lead someone into a relationship with the supernatural”. A major focus of many religions is often life after death.

True Religion? is a series designed to investigate how “true” the beliefs and promises are for some of the most commonly practiced religions.

It is sciencefictionology to think that ...

1. You are a generally good immortal spirit or a _____ with a divine nature and potential being controlled by bad memories instead of a sinful nature.
2. _____ or traumatic memories from past lives control your spiritual potential and not the Holy Spirit.
3. A _____ mental process of _____, resulting in the condition of “Clear”, can bring about spiritual liberation and not repentance.
4. _____, the condition of being cleared of engrams or past traumatic memories, can bring about spiritual freedom and not God.
