**WILDFIRE VICTIMS TO GET NEW HOUSE FROM THE ROCK CHURCH
AND ENVISION HOMES; GROUNDBREAKING TODAY, MARCH 10**

The Rock Church in San Diego, in partnership with Envision Homes, will break ground at noon today, March 10, on a new home being donated to a Ramona family who lost their house during last October's wildfires. The hosts will be joined by the Oleson family whose home burned to the ground at 16572 Highland Trails Way. The groundbreaking ceremony will take place at this site.

Miles McPherson, Senior Pastor of the Rock Church, and Greg Bradford, CEO of Envision Homes, made plans shortly after the wildfires to give away a new home to a family left homeless by the fall firestorm. "We hope to continue in the rebuilding efforts," said McPherson, "first with a new house for the Olesons, and secondly by raising awareness for the numerous fire victims that have not fully recovered from their losses."

Bradford said, "We believe it is our responsibility as community leaders to help those in need and to strive to build partnerships with the San Diego community to help people get back on their feet."

McPherson, Bradford and John Oleson will speak at the ceremony, joined by local dignitaries, subcontractors and other guests. Refreshments will follow. The ground will be broken with golden shovels.

Bradford, a San Diego native, established Envision Homes out of a desire to build affordable homes without sacrificing quality. The organization is committed to excellence, and strives to serve the community through its philanthropic efforts. Envision Homes was one of the first to respond to the Wildfire Rebuild efforts and continues to work towards ensuring the needs of the families affected are met. Please visit www.envisionhomesforless.com for more details.

The Rock Church moved into its new home on Aug. 26, 2007 at Liberty Station in Point Loma. During the October firestorm, the Rock acted as an evacuation site for fire victims, and then expanded to a fully functioning supply and distribution center due to the large amount of donations by the church and community members.
